*Travertine walls*

The image shows the exterior of St. Paul's Cathedral in London, a large Gothic Revival church. The building is constructed from reddish-brown brick and stone. It features a prominent central tower, a large stained-glass window on the right, and a series of steps leading to the main entrance. The text "What material is St. Paul's made of?" is overlaid in white. 

What material is  
St. Paul's made of?
